To Whom It May Concern:

Re: 2622 Cherokee : Proposed improvements to vacant LRA lot.

The Cherokee Station Business Association would like to express our support for \$25,000 in improvements to the vacant LRA lot located at 2622 Cherokee. Our understanding based on the proposal from the community Hub team in conjunction with the Incarnate Word Foundation is that the lot would be leased from the city for an undetermined period. Improvements may include but are not limited to green space, gardens and non-permanent structures that enhance the aesthetic of the space.

The lot is currently an eyesore and a detriment to the street. It is our belief that this project would add to the eclectic ambiance and urban feel, which is the foundation for the renaissance that Cherokee Street is currently experiencing. We hope that these plans are realized without delay so that positive progress on Cherokee Street can continue.

In accordance with our bylaws and approved by a majority vote of the membership, please accept this letter of support from the Cherokee Station Business Association for the proposed improvements to the vacant lot located at 2622 Cherokee.
